Employment in Cass County during COVID-19 (Coronavirus)

Is it safe to work in Cass County?

Cass County received media attention with a high number of confirmed cases in early March. Most of these cases were from one isolated factory, skewing Cass County's numbers. In an article published by *Indiana Public Media*, as of May 1, over 1,000 of the 1,214 confirmed cases of COVID-19 in Cass County could be tied to one employer.

What we do know.

In the past 10 days (5/23/2020 to 6/1/2020), Cass County has **only averaged 1.5** additional cases of COVID-19 a day.

Peak Community Services, Inc. has stayed dedicated, throughout COVID-19, to the health and safety of the individuals we serve and our employees. Peak's roadmap to reopening can be found on our website at:
